SBOCC Dad's Center Race Logistics

General Logistics:

- Team of 10 paddlers should have three rental cars (two large one small)
- One to be dropped at OCC morning of race
- Two to be taken to Kailua with all the paddlers and their gear

Lodging

- Easiest to stay in Waikiki
- Many paddlers have stayed at Aston Waikiki Beach Tower close to OCC, but staying near OCC not a requirement

Saturday

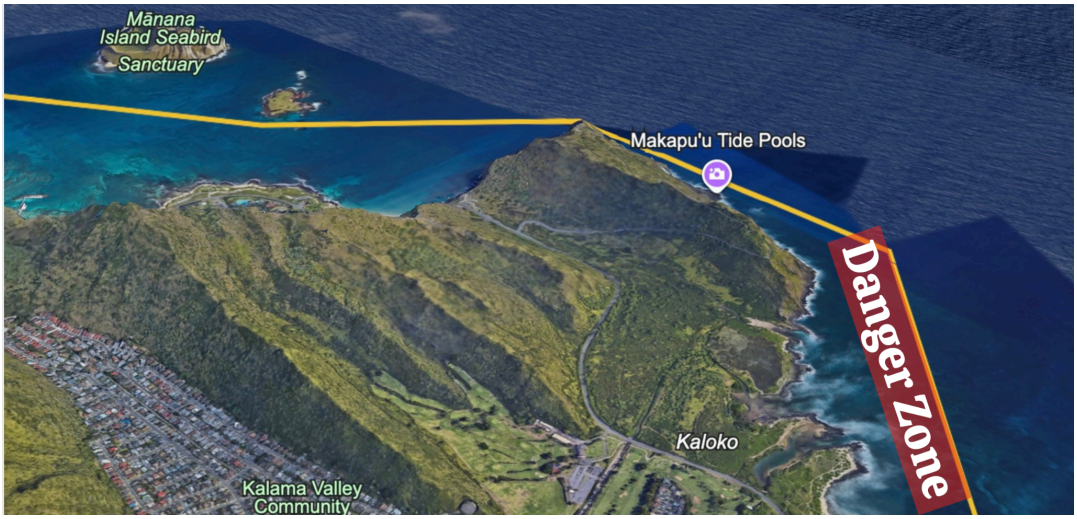

- Boat Rigging at Kailua Beach
- Racer check in
    - Coach acquires number for canoe and safety boat

Sunday - Race Day

- Early Morning - drop a car near Outrigger Canoe Club filled with clean clothes and anything you may want for after the race (race after party hosted at Outrigger Canoe Club and they have showers/locker rooms available)
- **Check Race Packet for specific times**
    - **In 2026: Blessing at 7:45, Race meeting at 8, traditional race start at 9. Unlimited race start at 9:20**
- Depending on your support boat
    - 1. Meet at boat ramp and load change coach, relief paddlers, and gear onto boat
    - 2. If not meeting at boat ramp, you will have to paddle your change coach, relief paddlers, and gear in a couple of trips with your canoe
- End of Race
    - Race finishes as a direct shot into Kaimana Beach (be wary of surf break)
    - You will then have to drop a few paddlers on the beach and paddle out to your support boat to grab change coach, relief paddlers, and your gear (this is a race to **PACK LIGHT**)
    - There is no boat ramp or harbor for support boat to tie up on off Kaimana Beach
